

**UNITED KINGDOM**

**PRM national training representative responsible:** *Dr J.Y. PATON, Prof. Dr J. PRICE*

**Status of national recognition:** Paediatric Respiratory Medicine is recognised as a subspeciality of paediatrics by the UK Royal College of Paediatric and Child Health. A modular training syllabus and log book based on the European syllabus was formally approved by the Higher Specialist Committee of the RCPCH in June 2000. Accreditation follows completion of the training syllabus and can only be granted in conjunction with accreditation in General Paediatrics.

The following centres have declared that they are able to provide training for at least part of the respiratory syllabus. The Royal College of Paediatrics and Child Health is currently involved in a process of training centre accreditation and up-to-date information can be obtained from the College (+44 2073075600).

***Scroll down for the full contact details of these training centres.***
